SURABEE SWADHAR GREH:- SHIMOGA

Surabee Mahila Mandali® is running the project named Swadhar Greh Home for the women and girls at Shimoga, from the Ministry of Women and Child Development Govt. of India..

We are providing shelter, food, clothing care to the marginalized women and girls leading in difficult circumstances who are without any social and economical support. More than 31 inmates and 17 children were staying here. We will give new life to them through strengthening their self-esteem. If they need any work we send them for suitable work, We will also providing emotional support and counseling to such women. We will rehabilitated them socially and economically through education, awareness, and personality through behavioral training etc. We are also providing Vocational Training like Painting, Embroidery, Knitting , Doll Making Tailoring & Candle making Computer Training & Nursing Training also.

Although Indian family as a social institution is well known for the emotional and physical support that it provides to its extended members, many a time it fails to respond to the needs of women, especially for women in difficult circumstance like widows, destitute and deserted women, women ex-prisoners, victims of sexual abuse and crimes, including those trafficked and rescued from brothels, migrant or refugee women who have been rendered homeless due to natural calamities like flood, cyclone, earthquake, mentally challenged women, women victims of terrorist violence etc. Often the support of immediate or extended family are not available due to reasons ranging from economic instability of the family to provide such support to the breakdown of joint family system to the social bias against the marginalized women as also the attitude and value attached to such women. Sometimes society itself drives such women out of the system to lead lives of sub human existence. More often vulnerable women in distress end up as beggars or prostitutes for their own survival and at times for survivals and maintenance of their dependent children.

Every month we were conducting staff meeting. We have six staffs in our Swadhar Greh. Medical doctor visited our center once in a week. Our residential Supt. maintained the Swadhar Greh. Here we provided good & homely food to the Beneficiaries, , which is nutritious in value. For children we cooked food for their choice. We give more importance to awareness, In remote area we give awareness through Anganavadi, primary health center Social Worker. We conducted more than 70 awareness programme in this year. More than 86 Beneficiaries make use of it. We will follow-up our discharged Beneficiaries and their children.

We give importance to Both individual & family Counseling. Through the counseling we can understand their inner feelings. We can look after them with love & affection We will give full support to the inmates in their training. Vocational training help them to stand up on their legs. Many Discharged Inmates Joined garments and Computer center, they earn money & lead happy life.

SURABEE UJJAWALA:- SHIMOGA

Surabee Mahila Mandali is a Non-Gov Organization which runs number of projects in the different areas of Shivamogga, Karnataka State. And also this organization started the project named "*Surabee Ujjawala*" A *Comprehensive Scheme for Prevention of Trafficking and Rescue, Rehabilitation and Re-Integration of Victims of Trafficking for Commercial Sexual Exploitations*. It starts from 01-03-2009 at 'Rameshwara Nilaya', 1st Cross, Basaveshwara Nagara, but now we located @ Rajendra nagar in Shivamogga. This scheme is sponsored and recognized by the "Ministry of Women and Child Development", Govt. of India. Our organization main intension to prevent and combat trafficking of women and children for commercial sexual exploitations in the district of Shivamogga.

The Protocol to Prevent, Suppress and Punish Trafficking in Persons, Especially Women and Children, (a) The Protocol defines trafficking as: "Trafficking in persons" shall mean the recruitment, transportation, transfer, harboring or receipt of ersons, by means of the threat or use of force or other forms of coercion, of

abduction, of fraud, of deception, of the abuse of power or of a position of vulnerability or of the giving or receiving of payments or benefits to achieve the consent of a person having control over another person, for the purpose of exploitation. Exploitation shall include, at a minimum, the exploitation of the prostitution of others or other forms of sexual exploitation, forced labours or services, slavery or practices similar to slavery, servitude or the removal of organs; It is realized that trafficking of young girls and women mainly occurs on account of poverty, illiteracy, and lack of access to education and schools, lack of vocational skill and employment opportunities, prevalence of age old evil practices like child marriages, low status of women and girls in society etc.

Now a days trafficking of Women / Girls (Human trafficking) are a burning issue in India. And also some anti-Social elements are making the habit of trafficking of women and Girls. It is prevailing since from long time all over country Poverty is the main role for trafficking. Or the traffickers main purpose is make money. This problem spread all over Karnataka also. Because lack of education, poverty, modernization, growing population, agriculture based labor get low daily wages, migration, developing industry, urbanization trafficking is growing more in the state of Karnataka.

Still now in some areas child/ women's are sold for profit and in many incidents guardians are involved in this work. Therefore this matter should be taken seriously by individual, every NGO and every Government. By considering all the problems Surabee Mahila Mandali® submitted proposal to implement in UJJAWALA scheme in Shivamogga district. We are glad to say we are finished this project Four years successfully with the help of "Department of Women and Child Development", "Department of Police", Advocacy, Other N G O's and also with the help of Publics.
